

Runaway

Ayra Starr

Sweet love from Alabama
Know the distance is a little undeserved
So I've been sending kisses through my FaceTime
Cos I'm a little lonely

And I can't say if you're happy
Oh anxiety is coursing through your veins
Tell me if you're looking for some closure
Girl I'll understand you

But don't you runaway away away away
Ah
Runaway from me yeah
Don't runaway away away away ah
Runaway from me yeah
Don't runaway away away away ah
Runaway from me yeah

I don't know
Don't know the way
You want me to go
If I decide to go another way
Would you still want to follow
Hmm
Please don't try to
No pull me back the other way
If you try too
I swear I'll go another lane
Don't know oh
I don't know what you want from me ahh

I'll runaway no stopping
You can't tell me nothing bout a deeper calling
Oh inside my mind
How many feet I've fallen
Early in the morning
Don't you runaway away away away Ah
Don't run
Runaway from me yeah

Don't runaway away away away ah
Don't runaway eh
Runaway from me yeah
Don't runaway away away away ah
Runaway from me yeah
