

The Great Beyond

Ayreon

"And as Abby calmly takes in her strange new surroundings,
She notices a hazy shape making its way towards her.
As it approaches it grows clearer until
She is able to discern the figure of a man.
A flash of hope pierces the calm she felt only a moment ago.
Could it be Daniel?
Dear God - she thought - let it be Daniel!"

Is there someone there? Have you come for me?
Is it my time? Wait... what do I see...
I can feel you here, can this be true
Dare I trust my eyes, is it really you!

Trust your eyes, believe your heart
No more lies, a brand new start
Eternity, just you and me
The Great Beyond, two worlds now one

[Abby:] no more shame
[Daniel:] no more blame
[Abby:] erased from time
[Daniel:] released from life
[Abby:] beyond these gates
[Daniel:] our future waits
[Abby:] the Great Beyond
[Daniel:] two worlds now one

[Abby:] infinity
[Daniel:] eternity
[Abby:] forever free
[Daniel:] just you and me
[Abby:] a new life's begun
[Daniel:] a timeless bond
[Abby:] the Great Beyond
[Daniel:] two worlds now one
