

Two Worlds Now One

Ayreon

With a mere wave of her arm
The Angel takes Daniel back in time to 1883
Where they emerge at the imposing estate of Daniel's father
Will Daniel's heartbreakng story
Be compelling enough to convince the Angel to help him
Well, we shall see

Then I saw her
The future opened wide
I realized the past was gone
New life had begun
Two worlds now one

I know this is real
I know it's not a dream
Two worlds apart
Two worlds now one
A new life's begun

Our lives connected
We'd never be the same
All had changed
We came undone
Questions we had none
Two worlds now one

I know this is true (oh)
I know you feel it too
Two worlds apart
Two worlds now one
A new life's begun
