

Battle Cry

Ayria

I'm frozen
I'm panic stricken
Can't look away
I'm petrified
I have not spoken
For quite some time
I've lost my voice
I've become terrified

This is my battle cry
This is my battle cry
This is my battle cry
This is my battle cry

I can not find peace
I'm spinning out of control
Feelings of fear and chaos
They are unstoppable
I can not find peace
I'm spinning out of control
Feelings of fear and chaos
They are unstoppable

I've laid low
Shut my ears and eyes
Blocked out the chaos
While others fight
I have awoken
No longer paralyzed
My weapon chosen
It's time to join the fight

This is my battle cry
This is my battle cry
This is my battle cry
This is my battle cry

I can not find peace
I'm spinning out of control
Feelings of fear and chaos
They are unstoppable
I can not find peace
I'm spinning out of control
Feelings of fear and chaos
They are unstoppable
