

Crash and Burn

Ayria

It's not enough, an ordinary life
Nothing's too good for you
You crave extraordinary wealth
While this world crashes and burns

Crash and burn

Why should the fortunate shoulder all the rest
Wealth to the extreme
Just looking out for me
(Opulence) selfishness
(Opulence) privilege
(Opulence) in excess
(Opulence) ignorance

Choose to flaunt it all
Believe it's all earned
For with the crown of privilege
A blessing you deserve
(Opulence) selfishness
(Opulence) privilege
(Made your mark) in excess
(Opulence) because you can

It's not enough, an ordinary life
Nothing's too good for you
You crave extraordinary wealth
While this world crashes and burns

Crash and burn
Crash and burn
Crash and burn
