

# Fading from Me

Ayria

I found a place away from everything  
It keeps me safe late at night  
I wish somehow I could let you in but  
It's gone when I open my eyes  
There's a feeling that I used to get  
I don't know where it went but it's a little spark, it's underne  
eath my skin  
But I'm afraid I won't feel it again

Searching all my life, it's why I know you're not here  
And your light, it's fading from me  
And I know you don't care  
I'm never satisfied  
It's a problem of mine  
I'm never satisfied  
It's a problem of mine

I think you've always known  
And that's why you're gone

When I think of you I feel so warm inside  
There's a hope I used to hold onto  
I remember all the things I've done wrong  
They blind me so I'm not myself with you  
There's a feeling I used to get  
I don't know where it went  
I'm afraid that I'll stop feeling  
Have you stopped feeling too?

Searching all my life, it's why I know you're not here  
And your light, it's fading from me  
And I know you don't care  
I'm never satisfied  
It's a problem of mine  
I'm never satisfied  
It's been a problem of mine

I think you've always known  
And that's why you're gone
