

There's 86 O's in this duffle bag
There's 86 O's in this duffle bag, I hope I don't take a chase

Me boy said he got an oz the other day off yous
And it wasn't up to scratch
It didn't even weigh 28's
In fact he wants his money back
Have you seen the white Audi G? It's fully wrapped
Have you tried to drive that like T? You'd fully wrap
It'd be funny that
The M-I-C, I bully that
And I have since way back, when I spray get weighed back
What'd you know about payback?
I call them little niggas Rick Ross' cause they may back it but might
not like straight jackets when it's beef
Me niggas got packets full of full metal jackets
If I empty the clip in your back you'll be fatigued
Instantly, I'm presidential like Bill Clinton; see?

There's 86 O's in this duffle bag, I hope I make it back safe

When I spit, I make sure you can hear me
And understand me clearly I don't come with that mumble rap
My shit's for certi niggas, your shit's for kids like that Tumblr app
He said he had the box I told him, "come with that"
I'll give you 64 when he came, I gave him 6 quid
And told him, "let me owe you 4 in fact"
Scousers can spit look, I'm a walkin' fact
You don't wanna see us when we're at your door in black
