

# Dippin' From The Cops

Aystar

I wake up, thank God I'm still breathin'  
I coulda been dead already, but I get leave  
Remember when the thing jammed? In my face, it was squeezin'  
I was I seen the face 'cause I would cut off the air supply  
It's just out here, lines already proceeding  
My girl's nine now, remember when she was teething?  
Time, time flies, 'specially in the fast lane, speedin'  
I've got to give thanks that I'm out here achieving  
Make \*\*\*\* turn Tom Hanks when I see them  
Run, Forrest, run to the bank, and I'm multiplyin'  
Bring the boy, them make me turn into Creagan  
Licked in the head, now you're dead, like boom

Pop, pop, pop in a dirty, white head  
That's what happened, now the dirty boy's dead  
Ain't stoppin' for the traffic, ain't stoppin' for the rent  
Even if I'm on the bed, I'm dippin' from the feds

Don't feel special 'cause you box  
Man, I got the .38 special that will put you in a box  
Catch me in the night time like a fox, freeze  
Flashin' lights  
Dippin' from the cops  
Dippin' from the cops  
Dippin' from the cops  
Flashin' lights  
Dippin' from the cops  
Dippin' from the cops  
Dippin' from the cops  
Flashin' lights  
Dippin' from the cops

You know me, if chase comes on, it gets smoked  
I don't play like that, I keep the banner close  
Just in case a \*\*\*\* try me, then he's toast  
Police already know, if they stop me, I'm ghost, gone  
Knockin' at me mum's, yeah, he's made off, he's gone  
Hopped a couple backs, and then we lost him, done  
Don't try and chase me when adrenaline's pumpin'  
Back gardens, I'm jumpin' over fences  
Dumpin' on these \*\*\*\* tryna test me  
.38 special, and it's stashed in bin  
It takes me two secs to get you  
A little eighty five and some petty  
A big Smith & Wessy and I'm setty, done

Don't think you're special 'cause you box  
Man's got the .38 special that will put you in a box  
Catch me in the night time like a fox, freeze  
Flashin' lights  
Dippin' from the cops  
Don't feel special 'cause you box  
Man, I got the .38 special that will put you in a box  
Catch me in the night time like a fox, freeze  
Flashin' lights  
Dippin' from the cops  
Dippin' from the cops

Dippin' from the cops  
Flashin' lights  
Dippin' from the cops  
Dippin' from the cops  
Dippin' from the cops  
Flashin' lights  
Dippin' from the cops
