Aystar

Jamie Music

What you saying Jamie you got the recipe?

Scouse Matic

Greaze

Listen, yo, listen

Back like cooked crack

Your boy tried to offer me some spliffs but the weed was dead

I had to tell him, "fuck that"

Pulled out a rolled kosher one and said "puff that"

What that dead gal there? Don't cuff that

I couldn't let you walk 'round with that

On a next note though I might just walk 'round with that

On an opp block and watch the shells fall out the wap, listen

Don't listen if you don't even listen

The waps got the type of slugs to make your bruddah go missin'

The rivers got the type of straps to make the police go swimmin'

Me niggas got that P to make a G go and hit him

But, the ACP gon' split him, it's a pump

The 44 bulldog will sick him, he's fucked

Don't listen if you don't even listen

The waps got the type of slugs to make your bruddah go missin'

The rivers got the type of straps to make the police go swimmin'

Me niggas got that P to make a G go and hit him

But, the ACP gon' split him, it's a pump

The 44 bulldog will sick him, he's fucked

When it comes to this greazy rap shit I'm duty can't nobody fuck

See me swerving in traffic double touching on the clutch

Police come while I'm doing them speeds they're getting ducked

Obviously, think I'm stopping to get sucked?

Not me, that's me that just coulda done the bus

And then squeeze through the gap, he didn't think that I could

I thought about it twice like I don't think that I should, listen

Don't listen if you don't even listen

The Smith & Wesson's sick, you should see the way it glistens

If I burst a couple rounds at your whip, you'll flip it out of panic

If it hits then you're missing, if I miss then I'm dippin'

And if I catch a case the dog's flying out the country on a plane like I'm P  
ippin

Shadow boxing the way I caught that nigga slippin'

Kush and Cali buds is what all my niggas piffin'

Don't listen if you don't even listen

The waps got the type of slugs to make your bruddah go missin'

The rivers got the type of straps to make the police go swimmin'

Me niggas got that P to make a G go and hit him

But, the ACP gon' split him, it's a pump

The 44 bulldog will sick him, he's fucked

Don't listen if you don't even listen

The waps got the type of slugs to make your bruddah go missin'

The rivers got the type of straps to make the police go swimmin'

Me niggas got that P to make a G go and hit him

But, the ACP gon' split him, it's a pump

The 44 bulldog will sick him, he's fucked
