Who's this nigga in the car?  
With your ex bitch and she's in a bra, ha  
She's with me so you know it's all mad  
Introduced her to the life and now she won't get out the car nigga

You shoulda never let your bitch out the crib  
I was in the Trafford Centre when she walked past me  
And turned around to stop and ask me for a pic  
I can't lie, she caught me staring  
I didn't hear a word 'cause I was looking at the ass  
'Cause the ass was looking thick  
Plus her face was ten-ten  
I had to get the Insta, now I'm all up in her DM  
She said that she was single, didn't know she had a BF  
Didn't know she had a kid, I didn't know she was your BM  
All I knew is she was peng and drives a BM  
That was in the morn', she knows I don't care  
Her baby dad can hold corn, she's at my yard by the PM

Who's this nigga in the car?

Nah she's never coming back  
Once I gave her one whack, she knew you was a sausage  
Said you ain't never bruck her back  
Never made her cum, she said "The sex was all whack"  
You had her smoking on some Stardog  
I came through and had her smoking on the packs  
She ain't never tasted flavours like this  
You ain't never woke the neighbours like this  
I had her squirting on the bed and now she's thinking that it's piss  
'Cause she ain't never had experience like that  
Or a man that's experienced like this  
I can't lie though, the head was hit-and-miss  
I had to dip but I told her "I'll be back again at six"
