

## Four Bricks

Aystar

Yeah  
That Scousematic shit you already know what it is, you get me  
Gang  
Let's get it, let's get it  
Yo

Four bricks, 27 a pop  
Or you can pot some plants and end up with 27 from a crop, do the mats  
If the driver gets stopped with the box of that flake then his doors  
coming off  
What's the cost? A good few years in the bin for the flake  
Or a slap on the wrist for the crop  
You'd be stupid not to do the crop  
But he wants fast doe that's why he's picking up and dropping off tops

Four bricks, 27 a pop  
Or you can pot some plants and end up with 27 from a crop, do the mats  
If the driver gets stopped with the box of that flake then his doors  
coming off  
What's the cost? A good few years in the bin for the flake  
Or a slap on the wrist for the crop  
You'd be stupid not to do the crop  
But he wants fast doe that's why he's picking up and dropping off tops

That's why he's picking up and dropping off tops, he don't wanna wait  
weeks on weeks  
He's in a S3 with a box and he's ready to screech at the first sign o  
f any police, there's no stopping  
He's got a stash in the car but that stash in the cars no good if the  
y phone for the dogs  
So its a big risk if he stops  
He ain't scared to take chase, true he comes from the blocks  
He's tried crops, he said its too long  
Plus they're not guaranteed cause things always go wrong  
He's on the M way with his bitch and police boxed him in now he think  
s this is long  
Done the mad ting and screeched off and now its a pursuit  
Better hope he gets away cause if not, ha  
He's got another 3 in the crib, plus a Glock and he's not tryna get m  
eeched off  
Reminiscing on the mot, he's thinking bout the talk that we had about  
the crops  
The only problem is, is that his girlfriends a thot and she's in love  
with that fast cash  
She ain't tryna hear nuttin' bout nuttin', she'll do a fast dash if t  
he money starts slowing up  
When they first met she seen quick that his phones blowing up and she  
knows the stacks going up, she be watching

Four bricks, 27 a pop  
Or you can pot some plants and end up with 27 from a crop, do the mat  
hs  
If the driver gets stopped with the box of that flake then his doors  
coming off  
What's the cost? A good few years in the bin for the flake  
Or a slap on the wrist for the crop  
You'd be stupid not to do the crop  
But he wants fast doe that's why he's picking up and dropping off top
