

## Gully With It

Aystar

Yo  
Look there was no weed around  
Had to settle for some stardawg  
I didn't get a q  
I got a half oz  
I had to link a ting real quick for the bang  
But I couldn't stick around, I had to dart off  
LMAO laughing me arse off, what  
She don't know it's straight back to the grind  
Me, just seeing youse moving backwards in time  
Got me chillin', now I'm supposed to give the wap to me slime  
He violated and I come around  
Blasting the 9  
Bang through the whip  
And nearly fractured his spine  
And now he's in the station  
Having chats with the swine  
I swear last week he was a master at crime  
Selling pure bits  
And had swag on the line  
Now these niggas pressing 999  
I'm done with these niggas  
Look you got niggas' mums snitching  
Telling police every detail about every victim  
Bro didn't leave no trace when he went there and banged off  
But that's how they nicked him  
Man tried to shoot me  
And that's why I dipped him  
Caught man slippin' and the shank just slipped in  
Caught another one next week and just dipped him  
If I had the ting I'd have clipped him  
These niggas know me  
I get down when I need to  
Not for no man  
I get round with the .32  
And give man a count to 5 and then 4 3 2  
You already know what's next  
I ain't tryna pop legs  
I'm tryna pop chests  
But I'll pop necks and heads if the pricks got a vest  
I'll rob man for boxes  
I'll rob man for zeds  
And I'll rob man for cars and I'll rob man for peds  
Yeah  
I'm too gully with it  
The .45 I took a fully with it  
I said say hello and then dipped with the work  
Stuffed the box in me pants and then ran off  
All funny with it  
I'm like alright so now I can make some money with it  
I feel like I've got a good aim  
But I'm thinking in me brain  
Let me smoke a punny with it  
Or back it on a opp  
And watch his shit go runny with it  
So I backed it on a opp  
And watched his shit go runny with it

Started emptying the clip  
Just to let him know I'm fully with it  
Now they know I'm fully with it  
But they ain't fully with it  
When the police come around  
And they're first pointing fingers like  
Yo Skully did it  
I'm with a young G  
That will stand up in court  
Before he blames me  
He'll tell the judge that his own mum did it  
Yeah he's loyal  
But these bitches ain't loyal  
I know of one yout that got set up by a hoe  
Shit didn't go to plan  
And now he's chilling in the soil  
And he was loyal  
But these bitches ain't loyal  
I know a next yout  
That let a bitch take his heart  
Used to be a real G  
Now he's billing with the foil
