

Man Down

Aystar

I came in the game with a grin on me face
But I've already told you that
That nine you're running around with, man sold you that
The .45 that hit me, man sold you that
Cali graph, what cali graph
You bought a hundred Kimber packs and still haven't sold one pack
Oh, and ever since I started rap it's like I'm filling up a tub
the way I got the hoes on tap (get it)
And look, I don't even play games but when I'm tryna block on Tekken that's the only time I'm holding back
In other words I'm going all out
I love nines, I love the way the clip just falls out
If it's beef then it's nothing that the stick won't sort out
He says he never slips, watch this prick get caught out
When we lerk by his house, bro we'll jump out
He's screaming "no homo" but I'mma put it in his mouth and BANG

The way I jump on these beats is too gang
You won't press out them sweets, you're too prang
If I press out them sweets then that's two man down
If I get round with shanks then that's two man down
If I get round with gang that's a few man down

We flip Ps and buy his straps
But you already knew that
It's no biggie, quick five shots, you get 2Pac
Catch him in traffic, you get TPAC
Your bitch treats you like a mug but still comes to me to get t
eabags
Plus I think she knows where your Ps at
So out of here I'mma try and squeeze that
Me Brummie nigga told me "look Aystar man you're a fucked geeza
A kid with black teeth, you're always asking where the sweets a
t"
I'm always asking where's the sweets, please select the squares
man, they're always asking me for deets
I told them undercovers get back under your sheets
These niggas said it's beef, I had them ack on me for weeks (le
t's go)
Why'd you think I'm asking for these sweets?
Please select the squares man, asking me for deets
I told these undercovers get back under your sheets
These niggas said it's beef, I had them ack on me for weeks

The way I jump on these beats is too gang
You won't press out them sweets, you're too prang
If I press out them sweets then that's two man down

If I get round with shanks then that's two man down
If I get round with gang that's a few man down
