

Fire

Ayyan

And now for our feature presentation

I bump this, I bump that
Get criminal up on this track
I cock this, I cock that
Pull the trigger on that 808 stack

Work, work, kick up the swerve
Heat so hot, yeah the roof gon' burn
Curves, curves, all up in her
Killing them like a massacre

We got treble, we got base
And we slaying 'em all day
We got treble, we got base
And we slaying 'em all day

Fire on the floor
DJ blowing them speakers out
Got me wanting more
Beat so hard, make you hit the ground
Yeah, yeah
Don't put it down
Got me wanting more (more)
It's fire on the floor

It's fire on the floor
It's fire on the floor

Move back, move forth
Drop it like you never dropped it down before
Three shots, three more
Till your eyes be seeing everything in fours

Work, work, kick up the swerve
Heat so hot, yeah the roof gon' burn
Curves, curves, all up in her
Killing them like a massacre

We got treble, we got base
And we slaying 'em all day
We got treble, we got base
And we slaying 'em all day

DJ blowing them speakers out
Got me wanting more
Beat so hard, make you hit the ground
Yeah, yeah
Don't put it down
Got me wanting more (more)
It's fire on the floor

It's fire on the floor
