

## Up and Down

Ayyan

When I saw you come around the corner  
You had me stuck on speechless  
Never seen something like you, you got me  
Weak in the knees  
The sound of your voice hypnotized me  
The feel of your touch, you got me  
Up close and personal  
Damn, you make me weak

Make your body wind around  
Make it go up and down  
Show it off, pop, drop it now  
Make it go up and down  
It makes wanna move your body  
Move your body  
Move your body  
Move your body

Oh, we're grindin', we're windin'  
Goin' up and down on the beat  
We're grindin', we're windin'  
Goin' up and down on the beat  
Oh, we're grindin', we're windin'  
Goin' up and down on the beat  
We're grindin', oh, we're windin'  
Goin' up and down on the beat

The way that you move is sexy  
Your body's on fire, spicy  
Boy, if you only knew  
How you turn up the heat  
Your touch is electric, shocked me  
Came into my world, rocked me  
Something 'bout the way that you move  
Baby, it's like a dream

Make your body wind around  
Make it go up and down  
Show it off, pop, drop it now  
Make it go up and down  
It makes wanna move your body  
Move your body  
Move your body  
Move your body

Oh, we're grindin', we're windin'  
Goin' up and down on the beat  
We're grindin', we're windin'  
Goin' up and down on the beat  
We're grindin', we're windin'  
Goin' up and down on the beat  
We're grindin', oh, we're windin'  
Goin' up and down on the beat

We're grindin', we're windin'  
Goin' up and down on the beat  
We're grindin', we're windin'

Goin' up and down on the beat  
We're grindin', we're windin'  
Goin' up and down on the beat  
We're grindin', we're windin'  
Goin' up and down on the beat
