

# You Can Get It All

Ayyan

You want it, I got it  
It's nothing for you  
Just take it and manage  
Baby, me and you  
And don't take advantage  
That won't go through  
Don't treat me like a savage, savage

'Cause it won't get you  
Where you wanna go  
And it's 'bout that time  
That I let you know  
I'ma need you to know that

You can get it all, baby  
You can get it all  
You can get it all, baby  
You can get it all  
You can get it all, baby  
You can get it all  
You can get it all, baby  
You can get it all

It's yours, yeah, you own it  
Entitled to you  
Don't break it, baby, don't hurt it  
You better get a clue  
Treat it like some treasure  
Cherish me and you  
Don't treat me like a savage, savage

'Cause it won't get you  
Where you wanna go  
And it's 'bout that time  
That I let you know  
I'ma need you to know that

You can get it all, baby  
You can get it all  
You can get it all, baby  
You can get it all  
You can get it all, baby  
You can get it all  
You can get it all, baby  
You can get it all

'Cause it won't get you  
Where you wanna go  
And it's 'bout that time  
That I let you know  
I'ma need you to know that

You can get it all, baby  
You can get it all  
You can get it all, baby  
You can get it all  
You can get it all, baby

You can get it all  
You can get it all, baby  
You can get it all
