

Conversation Wit God

AZ

We started off as kings and queens
And we will end as kings and queens
Everything in-between is just the process
No beginning, no ending
Infinity, speak your truth
You are, you was, and will always be
And when you need that extra reassurance
When I need help
Do as I do
When I need help, I call
Tap into that frequency
When I need help
That divine energy
When I need help, I call

King of kings, lord of hearts, the most high
Or do they? Father [?]
Though it all, God is right by my side
Every need, every trial, everytime
It's never about the messenger, always about the message
King of kings, lord of hearts, the most high
Father [?]
Though it all, God is right by my side
Every need, every trial, everytime

You know what you was sent here to do
Now get it done, finish ya food
