

Never Enough

AZ

Huh, when you solid you solid, ain't no ending
After the grave, the work you put in shall exceed your physical existence, h
aha
I'm tryna inherit what's mines, ya heard?!
Haha

Ain't a playa but I run my game tight
Seen a dollar, so you know my money right
Legacy is the throne you build, the light you behind
[?] where you come from, what you done done
Kingdom not forgot none

Forever is never enough (Umm, forever is never enough)
Forever is never enough
(Forever is never enough, forever is never enough)

This is manifesting when you handling lessons
Stay in tune, understanding your blessings
But be aware for the ones that whisper in ears
All the stunners and the gunners that sit in the rear, scoping your moves
It's beyond a hater hoping you lose
There's nothing worse than an ignorant, emotional dude, women too
Tryin' to tell a youngin finish your school
Knowledge is wealth, especially when it's knowledge of self
Soak it up, showin' growth is when you low in the cut
It's more appealing, it's a war when you all in your feelings, find you zone
Found time to find me my own fountain of youth
It's the truth, every house ain't a home, there's no excuse
Be humble when you hustle but get it
Gotta live it in a Lambo or low in a Civic
It's them digits that multiply when placing a pie
No lie, I've been poppin' off since Doe or Die

Forever is never enough (Umm, forever is never enough)
Forever is never enough
(Forever is never enough, forever is never enough)

Yo, went from not having a lot and now I'm on a yacht (Ugh!)
Getting money off the top, it ain't no way to stop
I'm 'bout to purchase all the churches and the chicken spots
I'm down with merging every furnace, really make it hot (Boss!)
See I respect you getting paper any place you got
Fuck where you from 'cause all that matters is that you made the top
Niggas stripping, I keep a pistol for Nipsey and Pac
Small circle, you cross the line and you put in a box (Wooo!)
Lorenzo's spinning all them Benzes, keep burning the block (Ugh!)
Them bitches waving, I'm engaging and spending a lot (Hahahaha!)
Niggas dissing, come up missing, better listen to pop
Fuck 'em all, crank up the cars, we peeling the tops
Sun shinin', never some timin', my gun by me
Niggas study all the moves we making, so underline it
Pistols pointed at your person was the point intended (Ugh!)
So when you really about your bid'ness
Come and see the biggest (M-M-M-M-Maybach Music)

Forever is never enough (Umm, forever is never enough)

Forever is never enough
(Forever is never enough, forever is never enough)
