SoSoDef (what?)
Huh, yeah I don't dance ... I mash
(It's like dis doe)
AZ, come on

It's a new one, time for a Range, baby blue one
The crew won, out of formilli, feel I'm due one
Focus right, one hit -- blow me overnight
Holy mics, bein guarded -- by Jehovah's light
Jewels drapin, in a Coupe slidin cruise tape in
for my troops I was sworn in like a true Mason (yeah)
Tables turned, left the youth engaged and learned
Thoughts raised concern just like blunts made to burn
I play this life, homey besides on the status
either play it right, or then vibe until the madness
Monopolize, position wise watch the rise
It's prophesized, see the two and drop fives

Erybody hands up, AZ and JD
Whole club get it krunk, the drinks is on me
I keep the dancefloor lit, ladies shakin they hips
spendin all the chips makin nuttin but hits, what?
(A, Z, play my song
Rock me all night long, rock me all night long)

Salute me, rock silk and linen over Gucci's Iced out, platinum Roley - with the rubies Baby uzis, Perrier make me woozy Sweet jacuzzi, it's live my life like a movie Connect doe, pimped off the Henny X-O Sex slow, (fuck) on Chanel velcro (ha ha ha) Visualize that, bought a sailboat, try and buy that Besides that, hustle forever - never sidetracked Sightseein, pretty ladies in the white B.M. Out of state plates invitin me in Got my mind on this paper chase - sorta strung No longer gotta scrape the plate - it's more to come Respect how these streets made me - why play me I'm half crazy - half Marines, half Navy So who it be? You or me, ten a key Intensively, I know you players envy me

## C'mon

Come mingle with the illest minds, of mankind
Taught to shine, built out of crew and crime
Respect squares, straight shots burn your chest hairs
Chancin black, wish I had less shares
It's like a roller coaster, street life'll comatose ya
Cologne's kosher, a man's own is through his culture
Trapped in the arms of Satan, congregatin
Conversatin, thoughts way beyond relation
It's truth or deal, chose ones move sincere
Keep the youth aware, Supreme Court - the proof is here

Ha ha, now everybody in the house just Clap your hands, uh, clap your hands Uh, stomp your feet, uh-uh-uh, stomp your feet Just, clap your hands, uh-huh, clap your hands Uh, stomp your feet... AZ and J.D
