

This is Why

AZ

This is why, this is me, this is I
This is why I'm fly, got what money can't buy
Was falling from the sky in The Firm bumping God
Feeling like I'm floating on a five-dollar hi
No lie, gotta say fly, love feeling
Like I'm floating on a five-dollar hi
Got what money can't buy
Floating in the front through the streets of EMI

Salute to the 40 plus, our story is tough
Nowadays, I'm with Sandra pay slurring, pour me a cup
Boot up, what's disturbing is I'm horny as fuck
The king of rough couldn't tell me, wasn't corny to cuff
Now I'm stuck, it's just her, hoes been on me enough
Learn my lesson, Mama bear been warned me on trust
I'm done, already one, did it all under the sun
You never know when your number'll come
Enjoy it, trap money or unemployment
Upfront if you're paying stallments, just stay for warrants
I move like it's nothing to lose, neck with jewels
My visor's really based on my vibe, I rep the who
So let's bless the fool and say grace on what's taking place
Paper chase, a few acres on her estate
Still gates, Dior drakes and gold plates
Move at slow pace, homie humble but hold wait
Cozy, the hitters know me, rock rollies
Did it for Dolie, this the old me, bottles of Moët
I'm season, still greiving, that Billy on the buck is the reason
Won't stop 'til I touch it, we even

This is why, this is me, this is I
This is why I'm fly, got what money can't buy
Was falling from the sky in The Firm bumping God
Feeling like I'm floating on a five-dollar hi
No lie, gotta say fly, love feeling
Like I'm floating on a five-dollar hi
Got what money can't buy
Floating in the front through the streets of EMI

Knick games (Knick games) Thick chains (Thick chains)
Wrist plain, champagne in my dick ring
Wish came since the shawty on the six-train switched lanes
Life story like Rick James, shit strange
I can see it more clearer, a Ghostface cheffer
But I'm more like RZA, Fendi goose rep for that all-white winter
In hindsight, Iron Mike was my mentor
Been poor, going through it make you get to it
Kids do it, wish B.I.G. was here to view it
Started from the bottom now I'm here, fresh cut
Always got 'em with the gear, bless up
It's been official when you instrumental
My youth sicker, so inclusive, no incidentals
Inferential, could show you how to go global
Young old school, the soul food, know I'm noble

This is why, this is me, this is I
This is why I'm fly, got what money can't buy
