

Ah-ah-ah, guess I'm getting better now  
Ah-ah-ah, guess I'm getting better now

Cannot wait to find the city ending  
Who you really are, well it's depending  
I hope you hear the message, what I'm sending, yeah  
'Cause sometimes I feel like that that's a blessing, yeah

Ayy, sometimes I feel like that Buddha blessed me, yeah  
Ayy, careful, baby, you don't wanna test me, yeah  
Yellow card, yellow card on the backseat, yeah  
That's okay, that's okay, I'm a black sheep, yeah

Hey, but how's it feel like being the black sheep? Yeah  
Eh, pickin' up the phone, waiting for answers, yeah  
Waiting for salvation, ain't no second chances, yeah  
Get a make-out, that shit happens 'til I burn out, yeah  
But every time I wake up, I get further for my goals  
Wear a mask or put on make-up, I feel like I'm getting close  
So, stop laughing at my dreams 'cause that's the only thing that's left  
And if I won't be here for long, at least I had a good time here

Yeah, sometimes I feel like that Buddha blessed me, yeah  
Ayy, back off, baby, you don't wanna test me, yeah  
Yellow card, yellow card on a backseat, yeah  
That's okay, that's okay, I'm a black sheep, yeah

Baby, baby, you should see the city with the lights off  
I feelin' like a titan  
I swear nobody's seein' you so why don't you just  
Take out my heart, show me your sign  
'Cause everybody's standing like a soldier now

Let's go  
Had a little problem but I guess I'm getting better now  
Had a little problem but I guess I'm getting better now  
Had a little problem but I guess I'm getting better now  
Had a little problem but I guess I'm getting better now

Sometimes I feel like that Buddha blessed me, yeah  
Ayy, back off, baby, you don't wanna test me, yeah  
Yellow card, yellow card on a backseat, yeah  
That's okay, that's okay, I'm a black sheep, yeah

Well, I guess I'm getting better now  
(Ayy) Well, I guess I'm getting better now  
(Ayy) Well, I guess I'm getting better now  
(Uh) But I guess I'm getting better now
