

This melody caught in my head, yeah
Reminds me when things were the best, yeah
I don't wanna face the facts, yeah
Just roll up that dope and relax, yeah
Somebody broke my heart
And now she's acting like a stranger
I hope that's the last song I wrote about you
That's a demon inside an angel (Yes)
Girl, you make me losin' my mind
Sometimes I'm cryin' inside
I guess, there's nowhere to hide (Yeah)
Let me see you, let me kiss you
Swear to God that I don't miss you, yeah
Oh, who am I kiddin', who am I kiddin'?
I need to stay true

But you don't really know what I want to say
That's alright, uh
I don't even know why I got this, babe
But I don't mind, uh
Got a lotta things so I will stay
On my grind, yuh
Fell in love with you once but I won't fall twice

Yeah, it's been a couple months since I made this beat
Then wrote the first verse, I was out of my mind
It's funny how things are just fadin' away
I mean lucky for me I got plenty of time
That's a vibe, that's a vibe
Now I can sit and just chill in the clouds
That's a vibe, that's a vibe
Hope I will see your face down in the crowd

When I look up to the skies and I see the thousand stars
Baby, there's one right above you, I hope you see my love
And I don't know what to do, I try way too hard
Good night, my darling, meet you after dark

But you don't really know what I want to say
That's alright, uh
I don't even know why I got this, babe
But I don't mind, uh
Got a lotta things so I will stay
On my grind, yuh
Fell in love with you once but I won't fall twice

Hope you're doin' well
Hope you're doin' well
Hope you don't miss me like I do, uh
Hope you don't miss me like I do
Hope you don't miss me like I do
Hope you don't miss me like I do
Hope you don't miss me like I do
