

## lesson

Azahriah

Listin' all my problems that I have to solve  
Wonderin' who I really am and what would I become at the end of the day  
Well let it flow, let it go  
And when the time comes easily, let it go

Well I need to say that I was built to stay  
Stay strong everytime when life is miserable  
But deep down I've been feelin' like a waste of space  
But I know one day I will find my way back to

You-ou-ou-ou-ou-ou-hu  
There's something miserable, ya  
In every syllable you say  
(So start a riot!)  
Let it blaze up!  
This is not a place to stay  
So take one more deep breath and let we

Fly high like an eagle  
Don't let them control we  
(Burn down Babylon with peace)  
I won't let dem slaughter me

Before I go to bed I pray to Jah  
Please show me the way home  
And gimme love while I'm on the road  
We all seek fame and fortune - out of luck  
We leave now  
(Leavin at the backdoor)

Ez a terv ez a numero uno  
Sose tévesztett meg az hogy túl jó mostanság  
Mer' ha bűnös nem nyitja kapuit Zion  
Úgy kéne mindenkinek nyomni mint  
Bhutánban hogy a sikereket boldogságban nem pénzbe' méred  
Ez az egyetlen igazi út az igazi élet

(- várj-várj-várj most minden ami eddig motivált az teljesen felesleges?  
\* ez is lehet de inkább azt mondom hogy)

Bárhova is sodor el a víz vigyen el bárhova  
Utadon kísérjen csakis az számít hogy mennyire voltál  
Önazonos ember  
Te és te nem egyek vagytok  
Csak a lélek, a tudat egy testbe zárva  
Mert csupán ugyanoda tartotok

Be proud and strong like a lion  
Fly high like an eagle  
Don't let them control we  
(Burn down Babylon with peace)  
I won't let dem slaughter me  
Ooh-oh  
(This-a-club-a-rubadub style you cjan't enter)  
Ooh-oh  
(No you can not enter)

Oh szigiri báng báng  
Szigiri bong bong  
Szigiri beng beng  
Szigiri bong bong  
Sziring báng báng  
Sziring bong bong  
Szirin beng beng

We are all blessed  
I man seek for freedom  
Found it deep inside sista  
Rastafari is the only way

Nem hagyom el magamat  
Nem adom el magamat  
Kicsibaba én sohasem adom el magamat másnak u-én  
Nem hagyom el magamat  
Nem adom el magamat  
Bum  
Ráérsz még látni mi vár a túlvilágon vajon  
Mer a lelked megmarad

In the jungle - ya  
In the jungle - ya  
In the jungle  
In the jungle - ya

In the jungle - ya  
That's where you belong originally  
To the jungle  
That's where you should face your fears  
Finally forgivin' to your enemies  
Preachin' every single day for freedom and peace  
Beautiful giant trees  
We all came from the same home

We came from the jungle - ya  
Open up your eyes and realize  
Realize the fact that we're way more than our ideologies  
It's true  
Let that blessing run through you  
Through my  
Message I'm delivering into your mind
