

Could I save him
If I'm smart enough?
Should I blame myself?
It goes on and on
Hard for me to say what's in my head
That I'll be gone tomorrow
It isn't an easy thing
To leave behind all of you
All of you
All these scars on your soul
You don't know who I...
Go stop peakin' in your room
You're out of your mind
Why did you let me? It seemed so heavy
But now I'm ready, but now I'm ready

Maybe I was scared of you
I don't know why I let you down
I see your face in my dreams
I said "I'm sorry" last night
But you don't even said a word, it's not alright
You left me on this Earth where time still passes by

(Ooh-ooh-ooh-ooh)
(Ooh-oh-oh-oh)
If I have to let you go, you will go tonight
And if you have to let me go, I will go tonight
And if you want to let me go, I will go tonight
And if you want to find me, oh, I will go tonight
I said

Ooh-ooh-ooh-ooh-ooh
Just tell me that it's over
Ooh-ooh-ooh-ooh-ooh
Tell me, is it over?
Ooh-ooh-ooh-ooh-ooh
Just tell me, is it over?
Ooh-ooh-ooh-ooh-ooh-ooh

Maybe I was scared of you
I don't know why I let you down
I see your face in my dreams
I said "I'm sorry" last night
But you don't even said a word, it's not alright
You left me on this Earth where time still passes by
