

## rip gemini

Azahriah

Eh, yeah  
Maga meg ki neveti  
Look

Lookin' back to me  
It's just like lookin' at a soldier  
They don't know my name  
But now they sayin' that I know ya  
Wanna be my friend?  
I wanna keep my circles closed, yuh  
Yeah, this ain't no clout  
That's the devil on my shoulder

So, bring me back, yuh, bring me, bring me back, yuh  
When there's wasn't no clout, wasn't no fame  
We were on the same side  
So, bring me back, yuh, bring me, bring me back, yuh  
Jealousy came, I went away  
R.I.P. to Gemini, yuh

Yeah, nah  
Nah, they don't know where I'm at  
They talkin' to me like they know me  
But they do not know that I wasn't your friend  
I wasn't your fam, I wasn't your bro  
Yeah, I gotta accept that I'm on my own  
Laughin' and cryin', then talkin' about me  
You think that you're winnin' but I cannot lose  
I'm just here to say happy birthday to my brother  
Pour me up a cup and then brought some marijuana  
Stop lookin' at me, put the blame on one another  
Yeah, this ain't no clout  
That's the devil on my shoulder

So, bring me back, yuh, bring me, bring me back, yuh  
When there's wasn't no clout, wasn't no fame  
We were on the same side  
So, bring me back, yuh, bring me, bring me back, yuh  
Jealousy came, I went away  
R.I.P. to Gemini, yuh

You will get results today (Did you get?)  
If you hear me out, just didn't say (I just say)  
Nowadays, I don't even look in my DMs  
'Cause these times, I don't fuckin' need friends  
Yeah, I never was a player, never been a good insider  
But I got a couple things to leave you satisfied, yuh  
But they be lookin' at me more jealous  
When I finally pull up in the club, yeah

I appreciate it, Mister Azahriah  
Hh

So, bring me back, yuh, bring me, bring me back, yuh  
When there's wasn't no clout, wasn't no fame  
We were on the same side (We were on the same side)  
So, bring me back, yuh, bring me, bring me back, yuh

Jealousy came, I went away  
R.I.P. to Gemini, yuh

Oh-ooh-oh, oh  
Oh-ooh-oh, oh  
Oh-ooh-oh  
R.I.P. to Gemini, yuh
