

Dior Kickback

AzChike

I just gotta get my lick back
New Glock, just gotta get his click-clack
Pourin' champagne in Diors, kickback
A lot to think about when you sit back
Make him home run when it's pitch black
What you off? A lil' drank? You must sip cap
Lips on the donkey, I don't kiss ass
Big-tough guy, please go and get a big bag
My life move on, you better pack your shit too
When niggas acting broke, you better stack your shit too
Bitch, get your back bent through
No name on the pack like who the fuck sent you?
What I'm on? A whole lot of other shit
Thank you for coming over, watch who you coming with
Got the cameras in the back and in the front of it
Use your head, it's gon' take a lot to stomach it

I got 30 in the coupe (I got 30 in the coupe)
I'ma get dirty in the booth (Get a lil' dirty in the booth)
I had to slide with no roof (I had to slide with no roof)
Tighten up, I got opps on the loose

Only people I trust is just me and me, yeah

It's just me and me
Me and my brothers gettin' to the green
