You looking like a bitch that I need  
Oh you out chilling with yo nigga

I know yo nigga was a plain Mac  
But bitch have you had one with cheese

You looking like a bitch  
That's bout a check  
You looking how you looking  
Let me get it off my chest  
I like to stare at her whole time  
We having sex  
Then I thank god when I nut  
Cause I'm blessed  
She ain't even tripping  
Wanna do it how I do it  
A real homebody  
In the house just coolin'  
I can't em lie I lose her

And grab yo ankles

That nigga that's gone spend  
Support what you doing  
Watch you win
