So you know the next bar bout Rambo
In shambles, I sat home I'm good with these handles
Sweet nigga know I caught him in 'em those sandals
I don't brag bout the numbers, bitch I'm real humble
Well fuck the numbers, 'cause really I'm the real trouble
And one year what you did, bitch, I did double
You need a real team, y'all need a real huddle
Get on my grown man and talk to 'em
And they ain't solid cause I walked through 'em
Just some cloth talk, what yo cloth doing?
Wipin' up shit out the store room
