Uh, Yeah I'ma, I'ma have my little fun on this right here
Look, G-G-Go hard on a broad I just gotta keep it playa
Sharp, real sharp, cut close like a razor
C-C-Cut too close with this forty in my blazer
With this thot, next block, bitch I'm wacking up the neighbors

Stop it, I'm too much flavor for a bitch
Skull and cross bones I go raider on a bitch
I could take your chain, 'cause I take you for a bitch
Crack a hoe off a whole hat, then take off with my bitch
Nigga I'ma making noise in my city, ring bells
I need about a dozen, but it's still four twelve
Made it through the heaven's, I was floggin' through hell
And bitch like good 'cause I ain't dead or in jail

Go hard on those bars, I just gotta keep it, playa
Sharp, real sharp, cuts close like a razor
Come too close with this forty out my blazer
With this stop next block, bitch I'm wacking up the neighbors

I just gotta keep it, playa
Sharp, real sharp, cut close like a razor
Come too close, I'ma blaze ya
With this stop next block, bitch I'm wacking up the neighbors

Been a lot of ounce, real smoke, it's comin' free
Broke nigga's throwing shots, it's comin' cheap
F-F-Fucking on this rat bitch, she come with cheese
I tell 'em if in the streets, then come with me
Look, it's too much talkin' bitch and not enough doin'
You lookin' for a reason, I'ma bring you straight to it
Isolate from fuck nigga, so I keep it movin'
Till I'm in that dirt bitch I work bitch I'll do it
A big dog full of coke at your door
I don't like it 'cause I know you broke, I ain't your bro
My only bro is this pole and we smoke
Any nigga that think he bold, out the bowl
Keep it funky with the funk nigga, whatcha want nigga?
A clip to the dome nigga, on the wrong nigga?
Bullet's break bones nigga, get you known nigga
Shirts of a grown nigga, they miss you home nigga

Go hard on those bars I just gotta keep it playa
Sharp, real sharp, cut close like a razor
Come too close with this forty out my blazer
With this stop next block, bitch I'm wacking up the neighbors

I just gotta keep it playa
Sharp, real sharp, cut close like a razor
Come too close I'ma blaze ya
With this stop next block, bitch I'm wacking up the neighbors
