Pressure

Aye, I don't feel that
Don't front with the fake
With this funk I'ma romance

Pressure

Aye, I don't know that
I know that I need
And I know that you know that

Blow that gas, aye

Twenty-one in the cut that's a mass
Where the cash, aye

Take them tools off, aye

If you think you wanna leave
It's the Bullfrog, ok

Don't front with the fake
With this funk I'ma romance

Can't fall in love with these women

Only pressure nigga feel is when a gun pop
Even when it's winter time bitch I'm still hot

All this ice around my neck I wish you would try
Try to play wth Tswish a nigga will die

Don't front with the fake
With this funk I'ma romance

And I know that you know that

Pressure

Aye, I don't feel that
