AzChike

Ayy, bitch let me fuck for free  
They gone need 100 Ms to go home with

Step to me you goin' take a loss  
He looking down at his check yeah take it off, nigga  
I could'a leased it but I paid it off  
Ain't suckin' dick in the whip will make her walk  
I'm not sorry and I'm not playin'  
You see me pouring up this its what you're not drinking  
Its ten for me to spend I am not saving  
First time for everything soldier get the Glock crankin'  
Still banging should be thanking that you in my presence  
Took a loss fucking with niggas had to learn my lesson  
Always got your hand out you goin' block my blessings  
I count a dub up first and get top for seconds, nigga

Perc 30 and a pint I'm the backdoor bandit  
Tell a nigga you a slime  
Silly brodie ain't no thug he's a bitch he's an eyewitness  
Right time, right place, right condition, lil slime bitches

Buss rolly with the new piece  
I just took my bitch shopping with some loose cheese  
RIP Suede fuck a fade get this oowee  
Two things I hate: a broke nigga and a groupie  
Ay, still ain't touch a dub, nigga try harder  
Shout out the label already doubled what they might offer  
Off the drip like daywalker a nightstalker  
Tell that bitch sell the rest if you come across her

Glock with a switch like it changed on me  
Beat that nigga ass with the rings on em'  
Cuban link, tennis chain hang on me  
Ain't no mo' perc 10s got them 30 thangs on me  
Ay, niggas fake rich they can't keep up  
Tell em' do that nigga bad I wanna see blood  
I'ma need 10 Ms before I ease up  
Bitch I deserve everything this ain't street luck (please believe)
