Ay, come on you know how exactly how we doin' shit, again

I heard niggas feelin' stocky well the stick is too  
No attachments when I stick and move  
I know I'm sick with this shit, bitch, I'm fly with the flu  
Ay, frog eyes on the Coupe  
You just talkin' like the nigga, I'm really him  
Let 'em sleep, I'ma live off these dreams  
Get a bag, we got cream on top of cheese  
Ay, we got wood stuff with' leaves  
No control on this bitch, what he doin?  
Pull up in a Coupe, I'm recoded  
Coolant, get struck with this toolin'  
I let her top, give me brain, I'ma do her

Like, ooh, bop on a bitch  
Get the slob from a bitch  
Ding dong ditch when I knock on a bitch  
You wastin' time? Gotta cock on a bitch

Young cat, I'm fuckin' on these cougars  
Take a inch of your top, clip hang like a ruler  
Keep your dick in your mouth like a rumor  
Sneak dissin and I'ma sneak up with demons  
Awake, but I feel I'm still dreamin'  
Dick riders please wipe off that seamen  
You a rat, I know this cheese got you cheesin'  
Like, ooh, flex on a goof  
Head honcho, gettin' neck in a booth  
Couldn't walk in my path  
Couldn't step in these shoes  
Come right, I get left when you move
