

This Moment

AzChike

The day I go broke I guess the world end
I just sent that Uber for yo girlfriend
Niggas talk back and talk slick we gone turn heads
Put some hot shit on his dome put his perm in
Yea I eat pussy from a certain chief
Where you from
Never heard of that
Flame anybody over here we gone burn em back
And face forward ain't no turning back
Wet pup he a sad dog
I see my bitch with her nigga I'ma mad dog
Do yo diamonds really hit turn the flash off
One cheek two cheek choppa blow a nigga ass off

I just hope you call when you needing me
Popping Molly all this week I think I need to sleep
Pussy bussing like some EDD
Niggas get dealt with read and weep
Swear to god I spent 6 on it
I heard yo lil song but ain't no diss on it
I fucked yo lil bitch but Ima disown it
I can't let her fuck up this moment

Told the opps man this y'all last coffin
Cheeks clapping got her ass talking
A real flex yes I brag often
Rap about it get a bag off it
Flex up and get yo bitch hit
Real mannish feel like madden with this hit stick
Hit it from the back I ain't neva hit nothing this thick
Put on that fit feel like drip drip

I just hope you call when you needing me
Popping Molly all this week I think I need to sleep
Pussy bussing like some EDD
Niggas get dealt with read and weep
Swear to god I spent 6 on it
I heard yo lil song but ain't no diss on it
I fucked yo lil bitch but Ima disown it
I can't let her fuck up this moment
