

Hi, hi, alright, hey, alright,  
Why you've been running your mouth  
All out, and wipe for it's just island  
Right to mention you, and I heard why a word  
But I was in New York, New York, New York

I, I, I know you might like do you feel her world  
But you just ride away in desire  
Tryina say hello, some of you mean hello  
It's alright, let's do, let's do

You know I spit slick game, slick game, to the brothers  
When I hip hop slang bang bang for the summer  
I'm the sweet 16 they say you the summer  
So they named, named me the mother  
Of hip hop, pray, pray for your butter  
You in tip top shake, shake nigga running  
To the escape, straight, straight to the cover  
Little wish pop, Jupiter queen  
Your bitch make hits that will go for free  
I can't take that risk, never 2 out of 3  
And took the 3 our the scene  
The blue in the wave  
And hit the bam bams niggas then it blue in the raise  
Word to you and the man get the blow in the cheese  
If you a big shot nigga I am see you believe  
... you little witch pop nigga hoping to be
