

You argue and fight
Truth hidden in lies and
Left you broken hearted
All of the people
So many reasons
Can we get back
To the days

No clouds hanging over
Burdens all on my shoulders
I'll carry it all
I won't let you fall
Believe me when I say

Mirror on the wall
May your reflection praise you
God is good and
That's a fact cuz He made you
And it's sad that
The one you love breaks you
No other option
But to be forever grateful
I got zero in the bank
Transfer me your pain
Im'a shoot you to the sun
For you don't have
To see the rain
None can contest
Everything more nothing less
No girl you deserve the best

You deserve the best from me
He don't see
The best that I see

You deserve better
You deserve the best

Let's cut the breaks
Ride swift move on
Do it real big
Wide range, yukon
Roof gone, heads up
We can boost off
Space is the limit make
Our place amongst a few stars
Bright as the north
I give up everything
For the love
Life is the cost
We can ride down the city
And I'll reserve the stretch
5 star, sky bar you
Deserve the best

No clouds hanging over
Burdens all on my shoulders

I'll carry it all
I won't let you fall girl

You deserve the best from me
He don't see
The best that I see

You deserve better
You deserve the best

And the day you call for me
How much I want to show
You how it's gon' be
It's all for you, all for you

And the day you call my name
You know that
I'll be on my way
It's all for you, all for you

You deserve the best from me
He don't see
The best that I see

You deserve better
You deserve the best

We argue and fight
Truth hidden with lies and
Left you broken hearted
