

# Can I Live

Azizi Gibson

Can I live?  
Can I get rich?  
So all my niggas get a bad bitch  
I'm just tryna pay for my friends  
Cause all my niggas lit  
You should bring your girlfriends  
Okay can I live?  
Can I save the world, and also be a dick  
Can I live?  
Okay can I live  
And make songs like Levels just to be the devil  
Can I live?

Today I'm on some other shit  
I don't wanna hear your shit  
I just wanna be around some naked chicks  
Take a shot after shot  
Just counting up my guap  
Getting top from a thot and my acronyms  
Got to touchin' like we crazy you would think we making babies or some ladie  
s in the 80's and some coke and shit  
Don't shut my dreams down  
You know I like it wild  
Don't trust me now, why I hate the kid  
Fuck (fuck)

Can I live?  
Can I get rich?  
So all my niggas get a bad bitch  
I'm just tryna pay for my friends  
Cause all my niggas lit  
You should bring your girlfriends  
Okay can I live?  
Can I save the world, and also be a dick  
Can I live?  
Okay can I live  
And make songs like Levels just to be the devil  
Can I live?

Why you mad when I make moves  
You act like I ain't help you  
I watch you grow, [?], spent the rent, dry your nose  
Nigga now you ain't got a clue  
Drop top, bitch I'm in the coupe  
Yeah, head out the roof, I'm jammin' Snoop  
Leveled up now I'm living proof  
Its possible to change whole mood, yeah

Can I live?  
Can I get rich?  
So all my niggas get a bad bitch  
I'm just tryna pay for my friends  
Cause all my niggas lit  
You should bring your girlfriends  
Okay can I live?  
Can I save the world, and also be a dick  
Can I live?

Okay can I live  
And make songs like Levels just to be the devil  
Can I live?
