

Freak

Azizi Gibson

She a freak, freak freak
When I'm with her we don't speak, we just freak
We gon' smoke a bunch of weed, and then freak
Not the girl of my dreams but my freak

Twarkin' up a damn storm, shit
I'm a need me a brick now
You the one that I want girl
Tell them other hoes, sit down
Way you body move, way you body groove
I'm a have to put the stick down
Yellowbone thick redbone thick
Catch a nigga going downtown
Woah, way she ridin' on my dick
No, I just got to keep it real
Go, to my crib and fucking there
Freak, body looking like a leer
Yeah, smoking on a reefer's reefer
She loud
Like she blowing through a speaker
Got the - tongue ring and other features
Fingers on the booty, I'm just creepin'

When I get close I get a fever
When them other niggas try its a feeble
To survive, hello earth, girl I need you
Plus I know you want to wear something see-through

She a freak, freak freak
When I'm with her we don't speak, we just freak
We gon' smoke a bunch of weed, and then freak
Not the girl of my dreams but my freak

Can you please drop it low
Let me know if it's all mine
Straight off the jet to the set
When I go mah
Cause I know your sex and your neck
Don't hold that
Y'all rich nigga, lit nigga, let my soul shine
Jeez don't be squeezing on my jeans unless it's going down
Please don't be scheming on my team unless it's going down
Tings, always looking for the ring but that's how sonic sound
Yeah they used to hate me, now they wanna date me
Wow

Come and take a chance with me
We'll be in ecstasy
Baby just you and me
Hey you can see my freak

She a freak, freak freak
When I'm with her we don't speak, we just freak
We gon' smoke a bunch of weed, and then freak
Not the girl of my dreams but my freak

Okay now some might think that we crazy

Cause every night we sound like we make babies
Yea we smokin on that train while we naked
Got my hand on my arm while I lay with her
I said some might think that we crazy
Cause every night we sound like we make babies
And we smokin on that train while we naked
Got my hand on her arm while I lay with her

She a freak, freak freak
When I'm with her we don't speak, we just freak
We gon' smoke a bunch of weed, and then freak
Not the girl of my dreams but my freak

She a freak, freak freak
When I'm with her we don't speak, we just freak
We gon' smoke a bunch of weed, and then freak
