Azizi Gibson

I've been through hell and back, hell and back
Hell and back, hell and back, hell back, hell and back
Fuck going through the same thing
Keep it 100 remain me
Even though the shitt is just draining
I've been through hell and back, hell and back
Hell and back, hell and back, hell and back, hell and back

I done seen the bills get crazy
The world says fuck you pay me
All my niggas been through hell and back, hell and back
Hell and back, hell and back, hell and back, hell and back

Had enough fear, shitt can get real
It's 2019 it's kill em and feel
It's fuck how you feel fuck how you feel
I've been through hell and back, hell and back,
Oh yeah, niggas all lazy and shitt
Got enough to type click and all that stuff

And don't wanna get out there and make some money for themselve
s
I see you, I'm talking to you, I don't wanna be you, fuck you n
igga

Provide for your family
Fuck out of here okay
This shitt don't even make no sense
Gotta repent but I'm still on the edge

Can't even trust my bitch
None of this niggas
They push me off the sledge
Life on the line I won't beg
Go to my head gonna pitch it right when
Dodging and docking this fans

As long as I'm black there's a price on my head
So all of my niggas are steps
This is for the ones that near but
Ain't here (this one's for you nigga)

I never get fucked but fuck this ain't fair
(This one's for you nigga)
I never get fucked but fuck this ain't fair
Gotta take it there
