

New Wavy

Azizi Gibson

I like the nightlife
I love the fun
I love the drugs
It helps me get through all this stuff
I love the women
I like to fuck
I like to mingle
'Cause there ain't nothing like a nut

But I wish I had a beach to myself, rolling up some weed (yeah)
Far away from ya'll (nice), phone on silent (brrrt)
I ain't takin' calls (nah), I ain't tryna talk (nope)
Rather walk, trained like I'm Avatar (woo), and I chase the avatar (hey)
Stay in the Amazon, just chill (give me my motherfuckin' space)
I'm learnin' 'bout all of my negatives, It's so embarrassing, ay y (yeah)
Can't be focused on the wealth (nah), focus on yourself (yeah)
Believe in yourself, tap into your mind (tap into your motherfuckin'-)
Take a break from the grind (take a break you motherfuck-)
You'll be fine

Don't wanna be held back no more
Just got a bag full of bud, back up
Don't wanna be held back no more
You know me, fucked up, back off

I'm in the zone bitch, leave me alone bitch (I-)
Don't need your bullshit, I go through enough shit (I-)
