

## Party Man

Azizi Gibson

I could give up all my? if you know how much I care...

We'll be doing drugs, giving hugs and a bunch of silly stuff  
Naked girls rolling blunts, how can I not fall in love  
Getting lit 'cause life ain't fair  
Get fucked up til' I don't care (I lost my job today)  
Why you have to take it there? Why you have to take it there

I was at the party right (right, right)  
It was last week there you some niggas you ain't got no life  
Old homies at the sight (sight, sight) they was tryna say hey  
I put the deuce up, then I took a right  
Some random handed me a pipe (Yo dude you wanna hit this?)  
He said dude this shit will turn up your night (Well I'm all fo  
r that buddy)  
I said dude hand me the fucking pipe  
Now I'm high and I know  
Cause if you could look and see what I see

Well, sir, people call me many things (Word?)  
But tonight, I'm specifically here to guide you to your death (Okay)  
Doing the drugs, the drink, and the smoke, I hope you eventuall  
y pass out  
Because the mixture is, definitely meant to kill you (Oh)  
And all of the people here (Okay)  
So don't take it personal, I'm just speaking to you first befor  
e I get to everybody else (Alright, cool, no problem)

I hear my car getting towed, but let it go  
I don't wanna pay the bills no more, that shit's a ho  
I don't wanna deal no more, that shit gets old  
Turn the fucking music up, I wanna flow  
Dance til' I'm feeling good or my feet are sore  
Nigga whatsup with the drank? I'm feeling low  
I don't settle for just one pill, bitch I need some more  
I been here a few times, you should know  
I be doing bad stuff when the door is closed  
I live in a grey space, I am so alone  
I just wanna hit something that'll take me home  
I don't even feel real, I must be a clone  
What the fuck is going on, I'm a cartoon

We'll be doing drugs, giving hugs and a bunch of silly stuff  
Naked girls rolling blunts, how can I not fall in love  
Getting lit 'cause life ain't fair  
Get fucked up til' I don't care (I lost my job today)  
Why you have to take it there? Why you have to take it there
