Ooo I just want to talk to you, god damn  
I just gotta put myself inside of you, you know  
We just gotta intertwine and become one, baby  
Just let me talk to you for a moment

I got this one joint that fucked me in my sleep (going hard with it)  
She make about 20 G's a week  
She used to bro but her thoughts are deep  
I wanna wake up in her every week (going hard with it)  
She hits the gym every day (every day)  
She hits them legs every day (every day)  
She hits that ass every day (every day)  
You can catch her with a protein shake

Oh my god, that's my girl, that's my baby  
She the only one in this world who can drive me crazy  
Ride a Benz, wearing some jams, fix that hair in the mirror  
She the shit, she the shit, God damn I can't take it (fuck I can't take it)  
My one joint, yeah I love her so (I love her so)  
After one joint we gon roll some more (roll some more)  
Let's have one sip before we go  
I'm such a pig E-I-E-I-O  
I just wanna see a bad bitch slay (go ahead bro)  
I just wanna make that bitch bae  
We gon make my ex bitch pay (what the fuck?)  
And then we'll make the next bitch say  
Where do I get a man like him?  
Going like him, who going out here with a brand like him?  
Hell I've been damned, I must be trip-ping  
I'm at home sit-ting
