

# Don't Leave My Mind

Azure Ray

We can make plans  
I'll give all I can  
You were my man  
On the gold coast sand

You can go to New Orleans  
Take the river front-line  
But don't leave my mind

You can go each day takes you  
Some place I can't find  
But don't leave my mind

We can break plans  
I'll keep all I can  
You'll be my friend  
And start over again

And you can go to New York City  
Get a place on the east side  
But don't leave my mind

And you can go where no one knows you  
Where the winter is kind  
But don't leave my mind

Ohhh  
And you can go I can't find you  
There's no space, there's no time  
But don't leave my mind  
Don't leave my mind  
Don't leave my mind
