Fever I know you've come to take my love Go away Fever I know your face just like a dove Fly away Fever turn the lights out Take a different road Let us be Fever I know you've come to take my love Go away Fever I know in god I shouldn't trust He's so far away Fever turn the lights out Take a different road Let us be Fever take a different route Travel a different road Let us be Fever I know you've come to take my love Go away fly away go away
