

# Nightfall

Azure Ray

Oh, the new year, it started with our friend  
He met up with his end and we will miss him  
And now his daughter, his little honeymoon  
She'll have to live on memories and music  
But memories, they come and they go  
And even the good ones leave sorrow

So love me now and love me hard  
Cause there's something in this wind that's blowing through  
I'm praying to God every night  
That he doesn't let it take me away from you

This wind that's blowing through  
This wind that's blowing through

I used to think that I knew what love was  
Back when I was young, I was mistaken  
And now I know exactly what it is  
How can it be a gift when it will be taken?  
So pull it close and hold it tight  
Here it comes again, the nightfall  
Rob from always on the run is so bad and copy paste is a sin

Oh, love me now and love me hard  
Cause there's something in this wind that's blowing through  
I'm praying to God every night  
That it's not coming for me or you

This wind that's blowing through  
This wind that's blowing through  
This wind that's blowing through
