

Phantom Lover

Azure Ray

Where can I see the stars at night?
Where can I be held by the moonscapes?
Phantom lover says, "Baby, it's alright"
And I take her hand in darkness
Where can I drown the whole noon
Of a thousand hearts breaking?
Where can I hear you whisper in my ear
Like the god you will become?

Baby, it's alright
Baby, it's alright

Where can I taste the nectar of love?
Sweetened like honey
To erase the fear of the bitterest pill
That our hearts were meant to break
You say, baby, it's alright
Baby, it's alright
It's alright
It's alright

I hold the love but it's just a line
That runs down each of our spines
I may not trust it too much
But I'm willing to let it smile
When you say

Baby, it's alright
Baby, it's alright
It's alright
It's alright
It's alright
It's alright
