

The New Year

Azure Ray

We pried open my window
And let the summer rush in
And we laughed with the new air
Now I lay and watch the green leaves
Dance and whisper sweet breath
A promise of a new year

Ooooh
On this day
Ooooh
On this day
We were born into the new year

And after the winter broke
We held hands and we ran
And we agreed that it had been a long one

Ooooh
On this day
Ooooh
On this day
We were born into the new year
