

Bluesman

B.B. King

I've traveled for miles around
It seems like everybody wanna put me down
Because I'm a blues man
But I'm a good man understand
I went down to the bus station
Looked up on the wall
My money was too light people
Couldn't go nowhere at all
I'm a blues man
But a good man understand
The burdens that I carry are so heavy you see
It seems like it ain't nobody in this great big world
That would wanna help old b.
But I will be all right people
Just give me a break
Good things come to those who wait
And I've waited a long time
I'm a blues man but a good man understand
