## I Like To Live The Love

My song is a serious matter It reflects what I feel If I say I love you, I mean it 'Cause in my song Every line is for real

Every man or woman Enjoys going home To a peaceful situation To give love and receive love Without any complications

Whether my tune is short or long Whether my lyrics are weak or strong

I like to live the love That I sing about in my song I like to live the love That I sing about in my song

Music is love And my love is music In perfect harmony So when I sing I have sung all about The love of you and me

I never got angry with my guitar 'Cause when I strike a chord It gives me what I wanna hear So I'm finding out that We are quite like my song together, my dear

Outside answers Should always be forbidden Problems should be solved And never hidden

I like to live the love That I sing about in my song I like to live the love That I sing about in my song
