

Please Remember Me

B.B. King

I'm cryin' please, baby, honey, please remember me
I'm cryin' please, baby, please remember me
Well, it fills my heart with great consolation, darlin', to know
that you will remember me

Well, I want you to love me, baby, like the snow falls on the cold,
cold ground
Yes, I want you to love me, baby, like the snow falls on the cold,
cold ground
Lord, with your love like that, darlin', I know you'll never let
me down

Well, alright
Just talk to me, baby
Yes, alright

Well, when you were leavin', baby, well, I could see the smile
on your face
Oh, yes, when my baby was leavin', people, I could see the smile
on her face
Well, you know I'm so glad, people, there is no-one
can take my place
