

Live From The Gutta

B.G.

Yeah
Uh-huh
Nigga, live from the gutter (Scalez)
Yeah

Nigga, live from the gutter
We was live in the gutter
In the kitchen, nigga, whippin' up that butter
Nigga, live from the gutter
We was live in the gutter
Had the scuffle 'fore you could pick up a cutter
Nigga, live from the gutter
We was live in the gutter
In the kitchen, nigga, whippin' up that butter
Nigga, live from the gutter
We was live in the gutter
Had the scuffle 'fore you could pick up a cutter
Nigga, live from the gutter

From the gutter, kept my mind on my hustle
Had to be hard to survive in the struggle
You lame, nigga, bust you
You lame, nigga, fuck you
You had to be real just to be up in the huddle
Jizzle started as a runner
I got the 'caine, word to Stunna
Thirteen, yeah, the hood took me under
I was runnin' through that jungle
I got the ball and I ain't fumble
Money came, nigga still remain humble
Hundred grand in the duffle
Nigga stayed in some trouble
Homie tellin' me, "Don't let them people cuff you
Please don't let them opps crush you"
And if a nigga had envy or jealousy
Wasn't in his heart, then, homie, I can't trust you

Nigga, live from the gutter
We was live in the gutter
In the kitchen, nigga, whippin' up that butter
Nigga, live from the gutter
We was live in the gutter
Had the scuffle 'fore you could pick up a cutter
Nigga, live from the gutter
We was live in the gutter
In the kitchen, nigga, whippin' up that butter
Nigga, live from the gutter
We was live in the gutter
Had the scuffle 'fore you could pick up a cutter
Nigga, live from the gutter

Live from the gutter
Me and all my cousins and my brothers
Out there gettin' yaper, gettin' scratch
Yopper with the red beam attached
Mackin' over sappin', that's the recipe
I can't let these suckers get the best of me

If you ain't a hundred, don't stand next to me
I can show you how to whip a extra key
Big bank, smokin' dank, sippin' on the bottle
Puttin' paint, wear it, tequila, Repasado
Pockets deep, deeper than lakes that's up in Tahoe
Me and my migos eat turp buritos and three tacos

Nigga, live from the gutter
We was live in the gutter
In the kitchen, nigga, whippin' up that butter
Nigga, live from the gutter
We was live in the gutter
Had the scuffle 'fore you could pick up a cutter
Nigga, live from the gutter
We was live in the gutter
In the kitchen, nigga, whippin' up that butter
Nigga, live from the gutter
We was live in the gutter
Had the scuffle 'fore you could pick up a cutter
Nigga, live from the gutter

My VL rounds was my brothers
Best believe we gon' ride for one another
You know we had pact, a nigga from another hood touch ya
We gon' catch them niggas in they town, stomp 'em
'96, I had that bubble eye, '25, I'm in that Cullinan
Prayin' for my dogs on that other side
My dog on a homicide
Caught a body for the second time
Caught a nigga slippin' at the second line
This shit's ain't no cap talk
This ain't no ordinary rap talk
My dog just come home off that crack rock
Do this for the real niggas
Ones that grew up in the field niggas
I'm talkin' get it how you live, nigga

Nigga, live from the gutter
We was live in the gutter
In the kitchen, nigga, whippin' up that butter
Nigga, live from the gutter
We was live in the gutter
Had the scuffle 'fore you could pick up a cutter
Nigga, live from the gutter
We was live in the gutter
In the kitchen, nigga, whippin' up that butter
Nigga, live from the gutter
We was live in the gutter
Had the scuffle 'fore you could pick up a cutter
Nigga, live from the gutter
